CYPRUS POLICE RECOMMENDS

**VEHICLE THEFT
PREVENTION TIPS**

**Do not become
the next victim!**

A photograph of a white van with a shattered rear window. The glass is broken into many small pieces, and the interior seats are visible through the opening. The background is a blurred green landscape.

VEHICLE THEFT PREVENTION TIPS

Install...

an alarm system in your car.

Make sure...

your car is insured for theft.

Park...

your car in your garage as much as possible or in busy, well lit spaces.

Lock...

doors and windows and activate any security devices, no matter if you have parked your car in front of your house.

**Do not
become
the next
victim!**

Do not tempt thieves...

By leaving...

in plain sight bags, briefcases, cell phones, coins or any other personal belongings, no matter if your car is locked. Regardless of the item's value, the chances your vehicle to get broken into and get damaged, increase greatly if you leave items in visible sight.

By leaving...

the engine running when you leave the driver's seat. Always take the keys out of the ignition even if you are going to be away for just 2 minutes. Make sure you always have your car keys with you.
